Dear Valued Member,

We wanted to take this opportunity to update you on the funds availability policy disclosure changes effective July 1, 2020.

This disclosure describes your ability to withdraw funds when depositing checks totaling more than \$5525.00. In most cases \$225.00 will be released the 1st business day after the deposit, \$5300.00 on the 3rd business day with the remaining being released on the 5th business day. There may be extending holds depending on the type of check(s) being deposited which may cause a further delay in availability of funds. If you have any questions about when your funds will be released please do not hesitate to ask us.

Thank you,

Community Choice Credit Union
